## Good Progress on Sewerage Work

Coleman council, at its meeting last week met with Norman Williams, foreman for Tollestrup Construction Company, and Wayne Tizzard, engineer for Underwood, McLellan & Associates, who are installing the sewerage system for the town, and learned that good progress was being made on the work.

A slightly heated discussion took place between council and the contractors regarding West Coleman being left without water for 18 hours. This resulted when the contractors dynamited a ditch in West Coleman and broke a water line, and no immediate action was taken to repair the damage and provide residents with water.

The trouble appears to have resulted from a lack of arrangements between the parties concerned.

Since no suggestion has been submitted by the Centennial committee to council, it was agreed that the Coleman League be approached without delay to see if they have any ideas as to how the money could be spent on grounds east of the Legion building.

John Ramsay, secretary of the Coleman Miners' Union, was present, representing the Vicary Creek Mine Employees and Coleman Collieries regarding a bus stop. The stop on the east side of Vets' Insurance and Real Estate suggested by council at its last meeting was not satisfactory for several reasons. A new stop on the west side of Montalbet's Modern Electric store from the main st. to the alley was approved. Signs are to be erected prohibiting other vehicles from parking there between certain hours.

The secretary was advised to write to the Mayor of Cardston, suggesting that renewed action be taken to get an alternate television station to service this area. Mayor John Holyk, commenting on the poor reception in this area, stated, "even football game re-

ception is getting lousy."

Approval was given to the payment of \$28,650 on progress certificate number six for the sewerage work.

Secretary-treasurer Trevor Collier reported that a total of some \$71,000 has been collected on this year's taxes, leaving only a balance of approximately \$1,000 to collect.

Pressure is to be put on contractors in town who commence building homes without first having the plans approved by the town. This resulted from a report that another new home was being built in the housing sub-division and that council had not yet been approached with a plan or for permission.

Town foreman Hector Tivodar was present, and reported to council that snow clearing in one lane in West Coleman was posing a problem as a number of abandoned car bodies and other debris has been left in the lane between the residence property line and the CPR right-of-way.

Since this line is to be used as a main thoroughfare this winter, while a water works project is underway in this area, the police will be asked to contact the owners of the car bodies with a view to having them removed.

Cars being parked on the main street for several weeks at a time are also causing grief in snow removal work. These persons are also to be contacted.

Council approved payment of \$25 to the Crows Nest Pass Band for services rendered.

## Light & Water Co. Make Report

Coleman Light and Water Company, at its meeting November 16 announced that the net income of the town-owned utility for the past nine months totalled \$18,632.39 profit.

Reports indicated that work on the installation of a 19-inch water main to West Coleman was progressing very favorably.

A motion was made that arrangements be completed for the company to borrow up to \$25,000.00 from the Bank for payment of pipe on the waterworks project and for payment of the pump-house work.

The company also approved extending the present waterworks system to service Block 17 with water. This recently annexed area lies south of Fantin's Hillside Chapel and north of the old Blairmore road.

Approval was given to sponsoring prizes for the best lighted and decorated home in Coleman during the Christmas season. Residents are being urged to light up for the festive season.

## Tom Kropinak Passes Suddenly

TOM KROPINAK - Beloved husband of Amelia Kropinak, passed away suddenly in Crows Nest Pass Hospital, November 23, 1965, at the age of 49 years.

He is survived by his wife at Coleman; three sons, Dennis of Calgary and Melvin and Aiden at home; two sisters, Mrs. Frank (Hazel) Cerney of Blairmore, and Mrs. Ethel Palmer of Seattle, Wash.; three brothers, John, of Pincher Creek, Frank of Blairmore, and Albert of Coleman.

He was predeceased by his parents and two brothers, Steve and Michael and two sisters, Helen and Annie.

Mr. Kropinak was born at Chapel Rock, north of Lundbreck, January 24, 1916, living there for approximately 20 years before coming to reside in Coleman.

He was an ardent music lover, having taught piano accordion in the Pass for 20 years.

Prayers were said at Fantin's Hillside Chapel in Coleman, at 8 p.m. on November 24th. Requiem High Mass was conducted by the Rev. W. Krewski in the Coleman Holy Ghost Catholic Church at 10 a.m. November 25th. Interment was in the Catholic cemetery.

Funeralbearers were Edward Churla, sr., Edward Yagos, Vince Janostak, Mike Czech, Frank Cerney and Steve Rypien.

Fantin's Hillside Chapel was in charge of arrangements.

## Camilli Rink Cops First Prize

The Keith Camilli rink of Natal, B. C., took top honors at the opening bonspiel held in the Coleman Curling Rink last week.

Runner-up for the prize in the first event was the George Jenkins rink of Coleman.

The Robert Vanoni rink of Blairmore, took first place in the second event, with the local Ted Kryczka rink taking second place honors.

The final event was won by the Pat Camilli rink of Natal, with Chick Roughthead's Coleman rink being runner-up.

The three-day event was well enjoyed with 26 rinks taking part in the three-event 'spiel.

## Christmas, New Year Shopping Hours

At a recent meeting of the Merchants of The Pass, it was decided to post the following Christmas Shopping hours for the convenience of the shopping public of The Pass area:

- 1-The week of Christmas:  
Open Monday, December 20th and Tuesday, December 21st. Open until 5:00 p.m. on December 22nd and 23rd. Closed December 25th, 26th and 27th.
- 2-The week of New Years:  
Open December 28th, 29th, 30th and 31st (Tuesday, Wednesday, Thursday and Friday). Closed January 1st, 2nd and 3rd, 1966.

## Coleman Gas Co. Reports Profit

The Coleman Gas Company, a town-owned utility, at its regular meeting November 16th were pleased to report that the company has shown a profit of \$6694.91 during its past nine months of operation. The utility realized a profit of \$15,431.00 during the past three years.

The company passed a motion that new gas services being installed into homes would be done on a basis where the first 75 feet inside the property line to the home would be done gratis by the company and a charge of \$1.00 per foot for each additional foot would be charged.

Nine applications for the position of utilities helper were received and the application of Rudy Symanek was favored. Mr. Symanek is to be contacted to see if terms can be arranged and if he will be ready and fit to work on or before January 1, 1966.

## Ron Collings Curling President

Coleman Curling Club held a meeting last week when Ron Collings was elected president; Ted Kryczka, vice-president, and Lorne Fischweiler, secretary-treasurer. The executive body will comprise Chick Roughthead, Bill Fields, Ed Bellase, George Jenkins and Russel Mantalbelli.

It was decided that names of all curlers will be put in a hat this year and names will be drawn from the hat to form the various teams. These members that have already formed their teams may remain as is.

Prospective curlers for this season are urged to turn their names in to the president or secretary.

## Gordon Dunford Elected By Acclamation

Gordon Dunford of Coleman, a welder by occupation, was elected by acclamation Thursday to a post on the Coleman town council.

Mr. Dunford will take the seat vacated by Rudy Symanek, who resigned two weeks ago.

Nomination closed at noon on November 24th.

## Grand Chief Pays Official Visit

Grand Chief of the Alberta-Saskatchewan Pythian Sisters, Mary Kovach of Hillcrest, paid her official visit to the Coleman Temple last week.

For the occasion a banquet meeting was held during which time Most Excellent Chief Frances Baroletti, on behalf of the members, presented the honored guest with a corsage and gift.

Social security pension cost a U. S. employee \$30 top in 1949; now it is \$277—watch how Canadian pension costs go.

## Coleman Council Hear Reports

Coleman council, at a regular meeting heard a report by Councilman Ted Kryczka indicating Natal Forest Products, whose pole-treating plant, located east of Coleman, will do all possible to try to reduce the amount of smoke emanating from the factory's burner.

The plant manufacture and treat fence posts and other poles and posts and bark and shavings from the plant is burned in a large outside burner which at times produces tremendous amounts of wood smoke. Council advised they were not trying to impede the industry, but were trying to get the company to take steps to lessen the amount of smoke.

Reports from several home owners in town that walls in their homes and clothing stored in drawers is turning yellow has been brought to the attention of council. The reports indicate that the matter has been reported to and samples of clothing from homes have been sent to the University of Alberta and to the Department of Health to see if they can determine what is causing the yellow color.

Checks made in the homes disclose that there is no natural gas leakage. Coleman Gas Company will write to the Board of Health to try to get the Department of Health to further investigate this matter.

Gas Company foreman Joe Beigun was present, and informed the council that there is no natural gas leakage. Coleman Gas Company will write to the Board of Health to try to get the Department of Health to further investigate this matter.

council that an alcohol injector has been installed at the natural gas station in town to prevent freezing.

Mr. Beigun also advised that Bannister Construction, who had operated the gas company for the town until this fall, had installed 15 services and had not provided the meters for these.

The town will write to Bannister, requesting the meters, a number of valves and elbows be sent.

It was reported that there were now 497 gas services in operation in town and another 25 services have been brought to homes, but have not yet been hooked up.

Council approved providing a phone, an allowance for plugging in the gas company truck to an electrical outlet at Mr. Beigun's home where the truck is stored, and also having the company name painted on the truck.

Wayne Tizzard of Underwood, McLellan and Associates, and Norman Williams of Tollestrup Construction, who are installing the sewerage system were present and reported on the progress being made on the system.

## Chief Corson Resigns

Coleman town council accepted with regret the resignation of Chief of Police Ed Corson at a meeting held November 16th.

Chief Corson has been in charge of the Coleman police for the past 13 years, having come to town to accept the

position in 1952. During his stay here he has been very active in community affairs, and has taken a leading role in organizing hockey and rodeo parades. His resignation is to be effective as of December 18th.

## Former Resident Passes In Calgary

Friends of Harold Johann Maslen of Calgary, will be sorry to hear of his sudden passing in that city at the age of 53 on November 15.

He had formerly lived in Coleman, moving to Calgary in 1955.

Besides his loving wife, he is survived by seven daughters, 12 grandchildren, his father, Robert of Regina, Sask., two sisters and one brother.

The funeral service was held on Thursday, November 18 at 3:30 p.m. Interment was in Queen's Park cemetery, Calgary.

## Arena Opening Is Delayed

President of the Coleman Sports Association, Ted Kryczka, stated this week that workmen have encountered some difficulty with parts at the artificial ice plant at the skating arena.

Canadian Ice Machine, who have been working on the plant, have ordered the parts from a firm in Philadelphia, and as soon as they arrive the plant will be repaired and ice for skating will be made immediately.

Trained elephants recognize 20 to 25 different work commands.

## Town Secretary Resigns

Trevor A. Collier, secretary-treasurer of the town of Coleman, submitted his resignation to the council Wednesday, November 24.

Mr. Collier began working for the town in January, 1960, and in the fall of the same year took over the duties of secretary-treasurer. During the past year he had also assumed the duties of administrator of the town.

Prior to coming to Coleman he served as a pilot with the Royal

Australian Air Force and served as a flying officer in various theatres during the Second World War.

He married the former May Ramsay of Coleman in Australia in 1946. They have two sons, Dennis and Colin, both attending the University of Alberta in Edmonton and a daughter Beverly at home.

Mr. Collier has not disclosed his future plans.

## G. Atkinson President Of Badminton Club

Coleman Badminton Club elected Graham Atkinson president and Norman Janzen, secretary-treasurer at the group's first meeting November 18th.

For the first session 18 members of the 30 prospective members turned out for instruction given by some of the newly-formed club's proficient members.

During the short business meeting the club agreed to continue having sessions Thursday evenings until the New Year after which, if a more suitable night can be obtained, steps will be taken to accomplish this.

Interested players are invited to attend.

Following the New Year when teams are formed, inter-town games between Bellevue and Coleman players will be arranged.

## Final Results of Macleod Riding

The following are the results of the November 8th election in the Macleod constituency:

Brown	1307
Kindt	8706
Metheson	3142
Patterson	6947
Rejcek	76

Ira Holtman from Taber, and his brother, Charlie, from Pincher Creek, watch with interest as the cattle judging goes on at the Royal Winter Fair in Toronto.

# DO IT NOW

In the winter season, when skilled and semi-skilled manpower is readily available, many things can be done to advantage, according to the National Employment Service. These include overhauling of lawn-mower or garden equipment, automobiles and outboard motors, farm machinery and electrical appliances. It is also a good time for installation of equipment, repairs, insulation, dry-cleaning of drapes and rugs, and replacement of upholstery. Why wait for Spring? asks NES. Do It NOW.

### Road Safety Week Dec. 1 to 7

Canada's 10th annual Safe Driving Week will be sponsored from coast to coast by the Canadian Highway Safety Council between December 1 and 7, inclusive.

Provincial and community safety organizations as well as government and industry, will participate. This Canada-only campaign is annually scheduled for the same dates to facilitate promotion and participation.

Safe Driving Week 1965 will emphasize the responsibility of the individual driver and pedestrian in avoiding potential accident-producing situations. The tragedy of the victim who survives a road crash but is severely injured or crippled, will also be stressed.

As in past year, Safe Driving Week 1965 will serve as an introduction to the December-long police campaign against the hazards of the holiday season.

### Two Postage Stamps To Be Released Jan. 19, 1966

The Hon. Rene Tremblay, Postmaster General, designated January 19, 1966, as being the release date for two new stamps featuring the floral emblems and armorial bearings of the Provinces of Saskatchewan and Alberta.

These large size 5c stamps will be the ninth and tenth in the floral emblem series which began in May, 1964.

The prairie lily was chosen as Saskatchewan's floral emblem in 1941. This stamp is printed in brown, green and orange. Alberta adopted the wild rose as its official emblem in 1930. Tones of red and green were used to print this stamp.

The stamps were designed and printed by the Canadian Bank Note Company of Ottawa, from data provided by the Dominion Bureau of Statistics. The offset method was used to print the floral emblems. The provincial coat of arms and the backgrounds were printed by the intaglio process.

There will be 15 million Alberta stamps issued and 14½ million Saskatchewan stamps issued.

### Cough Carries You Off

Dr. Norman C. Delarue, a Toronto chest surgeon, was the most outspoken advocate of a vigorous public campaign against cigarette smoking at the recent annual meeting of the Canadian Medical Association in Toronto.

The adult who continues smoking cigarettes in the face of medical evidence of its causative association with lung cancer and in the knowledge that he is thus influencing young people to do likewise is "intellectually deficient and morally derelict," he told his CMA colleagues.

Dr. Delarue's concern and very strong language are understood when he explains that he sees some 200 cases of lung cancer every year in his practice and he now believes the disease is reaching epidemic proportions in Canada. He noted that he has seen cigarette smokers quit cold without apparent discomfort when convinced that the habit is hazardous to

health — that is, when the smoker is a victim of lung cancer or when he is a relative or close friend of someone who develops the disease.

However, Dr. Delarue discussed at length the general reluctance of the smoking public to accept the medical evidence and give up cigarettes.

Adults who have ignored the accumulating medical evidence of the last decade may not react much differently to a government-sponsored campaign of education on the subject.

The doctors seem to think that the chief target of any campaign should be youth, on the ground that "it is easier and more profitable to discourage the habit before its inception than it is to break the habit once it has become established."

The federal minister of health, Judy LaMarsh, stole some of the CMA's thunder by suggesting just before the doctors met that a national conference of interested parties should discuss the cigarettes-lung cancer problem.

The doctors gave their tacit blessing to this idea but maintained their appeal for a vigorous campaign of education to be waged by governments at the federal, provincial and municipal levels.

Regardless of the outcome of Miss LaMarsh's national conference, the doctors at least have served notice that they will attempt to combat the use of the cigarette if only on a person-to-person level.

### Two car garage better even for one car owner

Garages are rarely too big. But quite a few home owners have garages that are too small.

If your present garage seems too small, you can pick up extra space with some thoughtful arranging. Since a garage generally does more than house a car, consider more than just the length and width of the average auto when you plan your garage.

A garage 10 feet wide will take care of a single car, but one that is 14 feet wide is better — you can open all car doors, have room for storage and even a work bench.

A length of 20 feet is generally sufficient, but 22 feet will take care of the longer car you may some day own. And don't forget the ceiling.

One eight high or higher will permit overhead storage. A gable roof with a steep pitch will give you an overhead room. A folding stairway will provide access.

Best of all — if you have the room and can afford it — plan a two-car garage even if you have only one auto now. A building 20 by 22 feet will give you all the space you need.

One place where there is dead space that should be used for storage is the back wall. There's plenty of room there for storage.

Use cupboards rather than open shelves so that items won't fall out on the car. These can be suspended from the joists.

All too often garden tools stand in a corner, too often a hazard as well as a nuisance. Use pegboard and hooks to hang them. A strip of lumber nailed to the studs can keep pools in place.

Shaving was originally a protective measure since long beards were easy for opponents in combat to seize.

## MAINTENANCE MEN AND MINERS

REQUIRED for underground work at a large potash 2 mine, Moab, Utah, U. S. A.

Machinist millwrights preferred with diesel, diesel electric, or related experience and knowledge of hydraulic control systems. Others with heavy duty diesel, diesel electric, oilfield, or heavy construction maintenance experience will be considered. Mining experience an asset.

Underground miners are also required, preferably with coal mining experience.

Good wages, excellent fringe benefits, permanent employment, 40 hour work week. Location has good schools, medical facilities and healthy climate.

## Santa Claus And Suicides

Psychologists say that Christmas is the most disturbing season of the year for those who lack family or close friends. Lonely men and women—even those of usually cheerful temperament—become deeply depressed and, in extreme cases, suicidal during the holiday season.

One organization which has traditionally recognized the importance of preventing this dangerous depression—the "Christmas syndrome" in psychological jargon—is The Salvation Army. Since its beginning, one hundred years ago, The Army has made it an important part of its ministry to bring some of the joy of this holy season to those who are out of the mainstream of life. To the elderly pensioner living in a small furnished room, the prisoner behind bars, the sick and frightened,

the forsaken child and the abandoned residents of skid row, Salvationists bring the cheer of music, conversation, personal concern and a bit of the general festivity that is such a great part of the Christmas observance.

And because these kindnesses are dispensed in the name of the Christ Child, a deeper sense of the true meaning of Christmas is often renewed in these lonely persons, their bitterness and feelings of neglect softened through the interest shown in them by The Salvation Army.

During the holiday season, Salvation Army musical groups, Officers and Workers visit Correctional Service Institutions to conduct services and individual counselling sessions.

Prisoners often ask Salvationists to send Christmas gifts to their children, "from Daddy". During counselling sessions, prisoners, affected by the spirit of Christmas, often express a wish to contact

abandoned or alienated family members. Salvation Army officers become prompt emissaries in establishing renewed bonds between husbands and wives and parents and children.

The miracle of Christmas is the sense of diffused love and kindness that the spirit of the season engenders in even the most unlikely individuals. And The Salvation Army officer—while most citizens are shopping and party going—is seeking out the wretched and lonely to try to help them experience this miracle of Christmas.

During the weeks before the big day, Salvation Army music makers visit scores of hospitals to play and sing the beautiful old carols. The Army's League of Mercy volunteer workers bring gaily-wrapped gifts to each patient, and the merry spirit of the season tranches lonely and discouraged invalids. In cities and towns, pale and pathetic derelicts and drifters find a homelike welcome at Salvation Army centres.

On Christmas Day itself, many Salvationists take time off from their own family celebrations to see to it that traditional holiday dinners are served to many who are alone and in need. Salvation Army Harbour Light and Rehabilitation Centres across Canada open their doors to accommodate those in need, without discrimination. Gala decorations, gifts of fruit for all corners, and a full course turkey dinner are included in the annual Yuletide program.

All of the lonely men and women who share in Christmas joy through the good offices of The Salvation Army are aware that the organization's interest in their problems continues year round.

In-prison counselling, rehabilitation of alcoholics, visits to hospitals and to the homes of elderly shut-ins are important on-going programs of the Army.

But during the celebration of the Birthday of Christ, their brotherly love and concern for others is especially significant and comforting to their fellow Canadians who would not want any man or woman to be friendless and neglected during this happy season of the year.

This is the one hundred Christmas of The Salvation Army. Its officers and members look forward to the opportunity of dispensing love and compassion in the name of Christ to many more thousands of the needy and lonely during the Army's next great century of service to God and man.

Who among us is not interested in "good health—physical and mental"? And they do go together, you know, the physical and the mental. Your Mental Health Association distributes a free pamphlet entitled "Your Guide To Good Health", that you will find enormously helpful. Write for it today, to the Canadian Mental Health Association, 618 Revillon Building, Edmonton.

## TOWN OF COLEMAN

**Because an "average" accident last year cost \$810...a jump of \$113 in just 5 years**

Automobile insurance rates in most areas of Canada will increase in 1966. Prudent drivers ask why premiums should rise again. Here are the key reasons:

- Every year the number of vehicles on Canadian roads is increasing... but the total cost of accidents in the past five years has gone up *three times as fast* as the number of cars which together must provide the money to pay for these accidents.
- And during the past five years the number of accidents has spiralled much faster than the number of cars that are on the road.
- In that same period the total cost of insurance claims has doubled.
- Since 1960 this claims cost has been climbing at an average of \$40 million a year. This year's insurance bill for accidents will total \$400 million.
- Each accident costs more than it did five years ago—the result of more expensive and luxurious cars,

increasing repair costs, higher medical expenses and compensation for time off work or lost income.

The only way to stop this spiral is to have fewer accidents. That is the best way, too, to cut the tragic toll of 4,500 deaths and 150,000 injuries in Canada each year. **Safety pays...** it saves lives and dollars.

### \*Even Good Drivers Have Accidents

Drivers with a three-year accident-free record earn a 35 per cent discount off basic insurance rates. But even good drivers have accidents. Eighty per cent of all accidents are caused by people who have driven three or more years without an accident. That is why the basic rates go up for everyone—even the good driver who still gets his discount.

## Legion's Interests From North Bay To Niagara

OTTAWA, Ont. — The Royal Canadian Legion is aging gracefully. As it celebrates its 40th birthday this month, members will toast an organization which is mature in years yet young enough in spirit to attempt bold new programs.

The Legion's interests span continents, ranging from a track clinic in North Bay to a scholarship program in Nigeria. Whether it be a widow's allowance in Kenya or a hearing aid in Panama, Canadian veterans and dependents the world over turn to the Legion with

problems.

And through its service bureau they get free, professional help of the highest calibre.

Things have never been better for the 275,000-member Legion. Membership has climbed 25,000 in the past four years, and it continues to increase. The scope of Legion activities today would astound some of the founding members who sat at the Unity Conference in Winnipeg in 1925.

In those days the Legion—necessarily so—was oriented exclusively towards veterans and dependents. There was a great deal to be done. While veterans and dependents remain the Legion's prime concern, in the past decade it has

made phenomenal strides in community service.

For instance, its low-rental housing projects for elderly Canadians now exceeds \$5,000,000 in value. Youth is served through \$160,000 a year in scholarships and bursaries, and some 13,000 boys belong to Legion-sponsored Scouts and Cubs. Thousands more are accommodated through hockey, baseball and other team sports.

The Legion's most imaginative program in recent years is now known around the world. It involves the training of track and field coaches at an annual national clinic which has become recognized as one of the world's greatest. To date some 800 courses

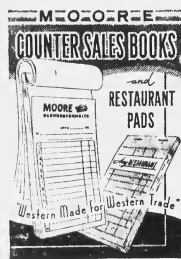

have been given to coaches, and 50,000 young Canadians have benefited.

As a Centennial project, the Legion has embarked on an equally ambitious program—it is raising one million dollars so that it can continue to provide a high standard of service to Canadians.

The programs of the next decade may be even more far-reaching than those of the past ten years. Already the Legion is developing a pilot scheme of scholarships for children of Nigerian veterans. It contributes over \$12,000 a year to the British Commonwealth Ex-Services League, most of which is earmarked for welfare amongst veterans in developing countries.

In the council of commonwealth veterans, the Royal Canadian Legion is looked to for leadership just as it is looked to on the corner sand-lot or the local cinder track. Like many 40-year-olds the Legion feels at home in either situation.

Growing up isn't all that easy. The process of growing up is truly marvelous, but it's rather complicated. There's a little booklet entitled "Your Teen Years", which could show you a few ways to make those years easier and more rewarding. It's free — just write to the Canadian Mental Health Association, 618 Revillon Building, Edmonton.

## An Exterior View of the New \$250,000 Alberta Department of Agriculture Veterinary Diagnostic Laboratory in Lethbridge

The new \$250,000 Alberta Department of Agriculture Veterinary Diagnostic Laboratory in Lethbridge was officially opened by Agricultural Minister H. E. Strom on Wednesday, October 13.

Designed to expand the diagnostic services up to now offered only by the Edmonton laboratory, the new regional laboratory provides an almost complete and independent service. Included are

post mortem facilities for all livestock and poultry, supported by complete microbiology and histopathology sections. The building also houses service sections, administration, media preparation, animal holding facilities, washing and sterilization equipment, refrigerator and low temperature storage space, incinerator, library and conference room.

Veterinary in charge is Dr. W. N. Harries, whose staff includes two veterinary pathologists, a laboratory scientist, laboratory technician, animal attendant and clerk stenographer.

Laboratory space and separate refrigerated storage has been provided for wildlife biologists of the Fish and Game Branch, Department of Lands and Forests.

## ALBERTA JUNIOR CITIZEN OF THE YEAR BULLETIN: OILFIELD TEEN CLUB ORGANIZES "MEALS-ON-WHEELS"

Back row (left to right): Ronald Link, Black Diamond representative; Lawrence Rest, Vice President; Douglas Price, President. Front row (left to right): Arlene Lang, Sec. Treasurer; Maureen Dettor, Social Convener; Marion Sneath, Social Convener.

Senior citizens in the Turner Valley district are grateful for the foresight and concern of a group of enterprising teenagers from this southern Alberta community.

The Oilfield Teen Club began its "meals-on-wheels" project last Christmas to give aged and infirm citizens a good Christmas dinner. That was just a start. Hot, nutritious meals are now supplied regularly.

The Oilfield Teen Club has been active in many other ways. It has adopted a Korean boy through the Foster Parents Plan, worked for the Cosmopolitan Club, furnished a room in the Turner Valley hospital and sponsored social and educational

activities. One member recently won three University scholarships, including a national award by the Canadian Legion.

We congratulate the Oilfield Teen Club—this year's Group Award Winner. Our thanks to Alberta's Weekly Newspaper Editors for their active cooperation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

This is one of a series of Junior Citizen Award announcements. Our special thanks to Graham Smith, Editor of the North Hill News and nominator of the Group Award winners.

## Holy Cross Church Setting For Pretty Fall Wedding in Creston, B. C.

A wedding of much interest in Coleman and surrounding district was solemnized in the Holy Cross Church, Creston, B. C., when Miss Margaret Lynne Salvador, daughter of Mr. and Mrs. O. Salvador of Creston, B. C., (former residents), was united in marriage with Lucien Rene Lalonde, son of Mr. and Mrs. J. Lalonde of Natal, B. C. The ceremony took place at 3:30 p.m. November 13th, 1965, with Rev. Father J. J. Morelli officiating.

The church was tastefully decorated with baskets of white spray mums.

Given in marriage by her father, the lovely bride chose a floor-length sheath gown of bridal brocade with a train of peau de soie falling from her shoulders. Her shoulder-length veil was of silk net, and her bouquet of cascading red sweetheart roses and white stephanotis. Her only jewelry was a pearl pin, gift of the groom.

Maid of honor was Miss Denise Lalonde, sister of the groom and best man was Mr. Guy Salvador, brother of the bride.

Bridesmaids were Miss Heather Fleming and Miss Alice Roberge.

All three bridesmaids wore identical gowns of turquoise peau de soie with matching head-pieces and bouquets of white carnations,

tipped with turquoise.

Ushers were Mr. Ron Bonin and Mr. Robert Roberge.

Mr. A. Kromhout accompanied Mrs. E. Gatzke as she sang "Ave Maria" during the signing of the register.

Mother of the bride was attired in a gold boucle dress with brown accessories and the mother of the groom had chosen a turquoise wool with black accessories.

Following the ceremony a reception was held at The Downtowner Motel for 120 guests. Miss Jan Salvador was in charge of the guest book.

The bride's table was centred with a three-tiered wedding cake baked by her grandmother, Mrs. J. Kinneer, sr., and beautifully decorated by Mrs. Colin Asher.

Master of ceremonies was Mr. A. Lalonde, and the toast to the bride was proposed by Mr. E. Salvador. Telegrams were read from Vancouver, Ottawa, Coleman, and Penitence.

For going-away the bride chose a deep rose wool suit with navy accessories, and a white orchid corsage.

Guests were present from Coleman; Natal, B. C.; Ponteix, Sask.; Edmonton and Calgary, Alberta; Cranbrook, Trail and Castlegar, B. C.

—Buckner photo.

VIEWING HIGHLIGHTS FOR THE COMING WEEK

**DECEMBER 4th - 10th**  
Saturday, December 4th at 2 p.m. CBC Sports Presents — a program of interesting sport films. The first is a film about New York's Polo Grounds, once a sports stadium of great fame, and now torn down for a housing project.

The second film is the story of Babe Ruth, one of the all-time greats of the New York Yankees. The final segment is a sports film entitled "The Lure of Gold".  
"The Mills of the Gods", a film report by director Beryl Fox on the war in Vietnam will be seen

Sunday, December 5th at 10 p.m. on CBC-TV's Document. Miss Fox and cameraman Erik Durschmied recently spent a month touring the fighting areas of Vietnam, concentrating on the effects of the war on the civilian population, including the death, destruction and the heartbreak suffered almost daily.

On Monday night, December 6, Budd Knapp will be seen on CBC TV's Show of the Week, playing a starring role in "The Powers of Darkness", an eerie, gripping tale adapted by Joseph Schull from a short story by Canadian novelist, Thomas Raddall.

The play is set in the 1930's, in

a part of the Nova Scotia backwoods where 150 years of poverty and isolation have bred a deeply-rooted superstition and belief in witchcraft.

The arrival of a stranger one cold and stormy night triggers an explosion of emotion that brings death and terror to the community and bewilderment to the young RCMP constable who is trying to get to the root of the situation. He finds that the step from handling drunks and parking tickets to dealing with rural hexes is a long one.

Tuesday night at 10:30 o'clock, The Public Eye presents the second part of "Dresden" — which concerns the tragic destruction of the beautiful German city of Dresden during the Second World War. Part II features interviews with two of the people responsible — Air Marshal Sir Robert Saundby, who was second in command, and Wing Commander Maurice Smith, who directed the first attack.

A reconstruction of the last battle fought on British soil will be seen on "Festival". Wednesday at 9:30 p.m. The battle took place in 1746 when the Duke of Cumberland defeated Bonnie Prince Charles and his Highlanders on Culloden Moor.

Producer Peter Watkins has attempted to recall this event as if the medium of television existed at that time. The reconstruction of the "Battle of Culloden" is completely authentic, and was filmed on Culloden Moor with the participation of the local people.

The remaining 15 minutes of "Festival" will consist of a recital by Monique Leyrac, the Montreal singer who won the top award at the International Song Festival at Sopot, Poland, last summer.

"007" — Licensed to Make a Killing is the title of Thursday night "Telescope" at 9:30 o'clock.

Fletcher Markle goes to London to chat with Harry Saltzman and Cubby Broccoli, producers of the "James Bond" movies. Film clips and still photos from the movies will be used to illustrate the interview.

CBC TV's "Friday Night Movie" at 9 o'clock will be "The Children's Hour" and will star Audrey Hepburn, Shirley MacLaine and James Garner. A spoiled, neurotic child at a private school tells her grandmother a malicious lie which leads the old woman to suspect an unnatural relationship between the school's two headmistresses. The film is adapted from the stage play by Lillian Hellman.

## Elks \$200 Jackpot Won By Hilda Blas

Mrs. Hilda Blas was the lucky winner of the \$200 jackpot at the last Elks bingo night.  
Other prizes were won by: Grocery hamper, Harry Gate. Corny ware set, Telenia Newton.

\$15 gas, split by Mrs. A. Sprjak and Mrs. N. Hivakke.  
\$6, Mickey Kilgannon; \$12, Mrs. Ostrenski; \$16 each, Mrs. R. Parry and Mrs. H. Nelson; \$14, Mrs. Roy Gingsras; \$10 each, Pat Klyn, Mary Anne Zak, Anne Dorusak.  
Hand mixer, Pat Klyn.  
\$5 each, Anne Dorusak and Esther Ash.  
Grocery hamper, \$8 each, Mrs. R. Parry and Mary Atkinson.  
Wrist Watch, Vera Vyse.  
Pole lamp, Mizi Moore.

The next bingo night will be on December 3rd when a jackpot prize of \$200 cash will be offered for the first blackout in 52 numbers.

## Lions Announce Bingo Winners

Don Fleming was the lucky winner of the \$100 cash jackpot at the Coleman Lions bingo night.

Other winners were: Turkeys, Mrs. Jim Atkinson, Vera Feregetti, Mrs. Alois Krywolt, Marge Kubica, Anne Dorusak, Vera Vyse and Mrs. E. Belarose.

\$12 winners, Anne Dorusak, Vera Vyse, Mrs. H. Cox, Mrs. A. Brown and Don Fleming.  
\$10 winners, Mrs. Berduco of Natal, B. C., Ron Ostrenski, Mrs. R. Parry, Mrs. P. Montalbeti.

\$4 winners, Ron Johnson, Mary Anne Zak and Fred Milley.  
The next bingo night is to be held December 7th when, besides the regular five \$10 and five \$12 prizes and the \$100 blackout bingo, other extra prizes will be given, and will be announced.

## Coleman Legion Bingo Winners

Prize winners at the Coleman Legion bingo on November 26 were: \$10 cash, Mrs. M. Joseph, Westley Bowman, Mrs. C. Garner, Mrs. J. Kinnear, sr., Mr. J. Kinnear, sr., Mrs. M. Ingram, Mrs. J. Field, Maryann Zak, and Mrs. C. Garner.

\$5.00, Mrs. Klemaziscous, Mrs. E. Bellerose, Mrs. M. Ingram, Mr. H. Jepson, Ellen McDonald, and Mrs. A. Milley.

Door prizes: Ellen McDonald, Mrs. P. Feregetti.

Next bingo will be held in the Legion hall on December 10.

## Women's wants in new cars

Rear-window wipers, steering wheel warmers and much more space for storing things — these are among the things women drivers would like to see in their new cars, says the B. C. Automobile Association.

The BCAA bases its statement on a recent U. S. survey which drew 1512 responses and nearly as many ideas. All of them will be turned over to the design departments of the automobile manufacturers.

Among other items requested by the ladies were:

A car that goes sideways for easy parking.

Small window on the bottom of each front door so the driver could see the curb when parking.

Built-in vacuum cleaner for car carpets and upholstery.

Ratchet-type prop for trunk lid to accommodate special loads such as Christmas trees or other outside objects.

One-way glass so that when the car stalls, other drivers cannot see that it's a woman at the wheel.

Car radios with car-plug speakers so teen-agers can listen to their special brand of music without driving the adults to distraction.

Improved ash trays that will really put out a cigarette.

Coin holders for correct change at coin-operated parking lot gates, and turnpike toll stations.

Several women took the easy way out, the BCAA notes. The feature they wanted most in their next car, they said, was a chauffeur.

Are you one of those who believe that the teen ages are not a stage in life, but a psychiatric diagnosis? Relax — teen-agers are people, too. If YOU find YOUR teen-ager difficult, ask for the free booklet "Growing Pains" from CMHA — that's the Canadian Mental Health Association, 616, Revillon Building, Edmonton.

## This man is fighting fire.

Although rarely seen in helmet, coat and rubber boots, as a member of the Alberta Fire Commissioner's staff, this man is a fire fighter who plays an important role in helping to reduce fire losses.

It is the function of the Fire Commissioner's office to prevent fires. Prevention is carried out in a number of ways—through rigid enforcement of all fire laws and regulations, including investigations into the causes of fires and, where warranted, prosecution of arsonists. To fires and, where warranted, prosecution of arsonists. To fires and, where warranted, prosecution of arsonists. To fires and, where warranted, prosecution of arsonists.

program, including Fire Officers' training courses at the Alberta Fire Training School, which is open to all Alberta fire departments. This office also conducts a comprehensive Fire Prevention program for schools, institutions and industries, and promotes the Fire Prevention Week—the highly effective annual campaign designed to make the public more aware of the ever present threat of fire.

Alberta's fire losses in lives and property, while still too high, would be much higher without the trained firemen at the scene and the behind-the-scenes work of the Alberta Fire Commissioner's Office.

## Personalities IN THE NEWS

Friends are pleased to see Mr. Wm. Filewich home again after being a patient in an Edmonton hospital for the past eight weeks.

Mr. A. Dow is a patient in the General Hospital, Calgary. Friends wish him a speedy recovery.

Mr. and Mrs. H. Zak were Calgary visitors last week and while there adopted a son.

Friends are pleased to see Mr. Walter Badzioch around again after being a patient in the C.N.P. hospital for the past six weeks.

Mrs. A. B. Westworth recently visited with her son-in-law and daughter, Mr. and Mrs. P. Rempel in Lethbridge.

Friends are pleased to hear that Mr. J. B. Aschacker is convalescing at his home in Blairmore, after undergoing surgery in St. Vincent's Hospital, Pincher Creek.

Mrs. H. Boulton visited at Calgary recently. While there she was the house guest of Mrs. R. Kinocks and Miss E. Glendenning. While in the city she called on Mrs. H. Wilton-Clark, who is residing with her son Harry and wife. She also visited Mrs. H. Evans and Mrs. Mary Richards, who are residing in the Kenwood Nursing Home. All send their best wishes to old friends in Coleman. Mrs. Boulton also visited Mrs. Haynes, who was residing in a Salvation Home.

Mr. Malcolm MacQuarrie, son of Mr. and Mrs. Al MacQuarrie, has completed his course as an x-ray technician, and is at present on the staff of the Crows Nest Pass Municipal Hospital.

### Truck Registration For Winter Work

The Hon. Gordon E. Taylor, Alberta Minister of Highways, announced today that truck registration for Winter Work would commence shortly and that the necessary forms would be available on or after that date in the Highways Building, Edmonton, and in the offices of the District Engineers at Medicine Hat, Lethbridge, Calgary, Red Deer, Edson, St. Paul, Peace River and Grande Prairie.

Truckers interested in participating in this program must register early as registration will cease as of December 31, 1965. The program this winter will be primarily in the more remote areas of the province, with a reduction in the amount of stockpiling in the central or developed zones.

As in previous years, registration forms must be completed in every detail, in duplicate, and both copies must be turned in at the point of registration, or returned to the Department of Highways at Edmonton.

Truckers in the Edmonton area are asked to return these forms direct to the Highways Building Registration Office.

Once the returned forms have been checked, entered and numbered in Edmonton, one copy will be returned to the trucker and this copy must be retained by him and presented to the Engineer on the job when the trucker answers the call for work.

The registration forms must be completed by the truckers before a Commissioner of Oaths, and in order to expedite the completion of registration, Commissioners of Oaths are available at the points of registration. It is again emphasized that the registration forms are to be completed in every detail.

The gross earnings amount will be set at \$1200.00 per owner called to work. However, this figure may be adjusted, depending on the number registering and the amount of work available throughout the winter.

### Card of Thanks

I would like to express my sincere thanks to the Doctors, nurses and staff of the C.N.P. hospital for the care and kindness shown to me while I was a patient in the hospital, also my sincere thanks to the Coleman Legion, the Elk's Lodge, those who sent cards, gifts or visited me.

Mr. Walter Badzioch.

### Card of Thanks

I wish to thank the Doctors, nurses and staff of the C.N.P. hospital for the kindness and care shown me while I was a patient in the hospital. Also those who sent cards, gifts, flowers and visited me.

Mrs. Nina Panek.

Until Robert Koch discovered the tubercle bacillus in 1882, the disease was blamed on heredity, climate, tight clothes, spells, open windows, "a weak constitution", poverty and personal wickedness for which the sick person was being punished.

### Firemen's Bingo December 20th

The Coleman Volunteer Fire Brigade is completing plans this week for a fund-raising bingo night to be held in the Elks hall on December 20th.

Proceeds from this event are to be used by the brigade for the Muscular Dystrophy Drive for funds being conducted by the brigade and also for the annual essay contest the firemen sponsor during Fire Prevention Week.

The bingo night will feature 20-25 games and prizes will include turkeys, hams, cash and other prizes. Door prizes will also be given out.

Meanwhile Fire Chief Henry Zak has announced that the Muscular Dystrophy cannisters are to be left in the local business houses until shortly before Christmas.

A tag day to raise funds for Muscular Dystrophy was held this month by the brigade.

Business uses advertising to maintain and increase its outlets for goods. Unless such outlets are maintained and increased, the income on which taxes are based, will not be forthcoming.

### In Memoriam

In Loving Memory of a Dear Wife and Mother. Mrs. John Ramsay, Beloved Wife of Mr. John Ramsay, Who Passed Away December 5, 1962:

"In our hearts your memory lingers,

Sweetly tender, fond and true, There is not a day, Dear Mother, That we do not think of you".

Fondly Remembered by Her Husband John; May, Trevor, Isa, John and Grandchildren.

The Italian Ladies Society will hold a
